TYNESOFT

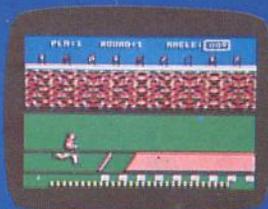

COMPUTER SOFTWARE

Dear Customer,

Welcome to Tynesoft's third C16/Plus 4 Catalogue.

I am pleased to say there are many new items in this Catalogue which offer hours of fun and enjoyment. We also have some additions on the Educational side. All our games run on the C16 and Plus 4 unless otherwise stated.

Please make sure you use our Freepost facility when ordering but please allow for Christmas posting times.

Yours faithfully,

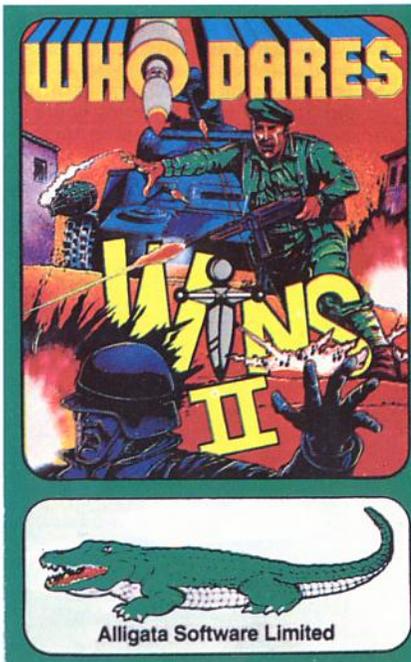

Colin Courtney

WHO DARES WINS II

Only the brave volunteer for the ultimate suicide mission to free lost compatriots held prisoner by the armies of death, the forces of oppression. Only the fearless dare take up a challenge where courage and endurance are as essential as intelligence and skill. Compulsive, Action packed. Step forward modern day hero, you'll never know how good you really are until you've tested yourself on the ultimate mission.

R.R.P. £7.95

Tynesoft Price £6.95

JET SET WILLY II – THE FINAL FRONTIER

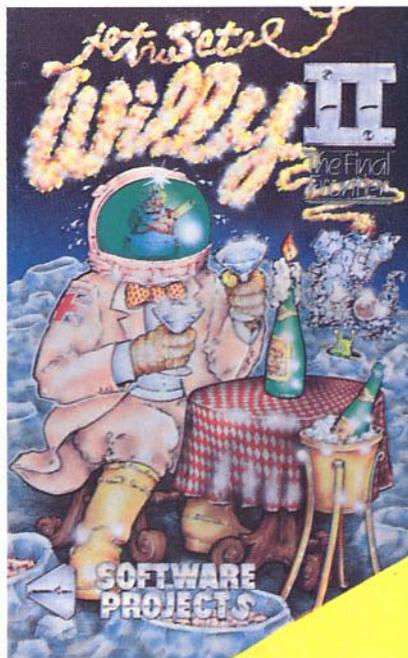

Whilst recovering in hospital from a severe fall down some stairs, Willy called in the builders. He thought it odd that they had green skin, but needing the work done in a hurry he asked them to remove the offending edges from his stairs. Trouble was, they did far more work than asked, adding several rooms to his mansion and then refusing to charge him!! Maria is demanding that Willy clear up the mess and he hasn't even found all the rooms yet. Who were these strange people? Why did they need to add a Rocket Room in Willy's already substantial house?

Much patience and stamina is required to explore the extended house and NASA'S "Guide to Simple Space Travel!" is recommended reading for those foolhardy enough to help Willy clear up all the mess. Be careful in the sewers and watch out for the bell ringer in the belfry! Good Luck!!

This game is for all the people who wished that Jet Set Willy was bigger and better, some of the rooms may be familiar and those who played the original Jet Set Willy will have a head start with this very extended over 100 room game.

R.R.P. £7.9

Tynesoft Price £6.95

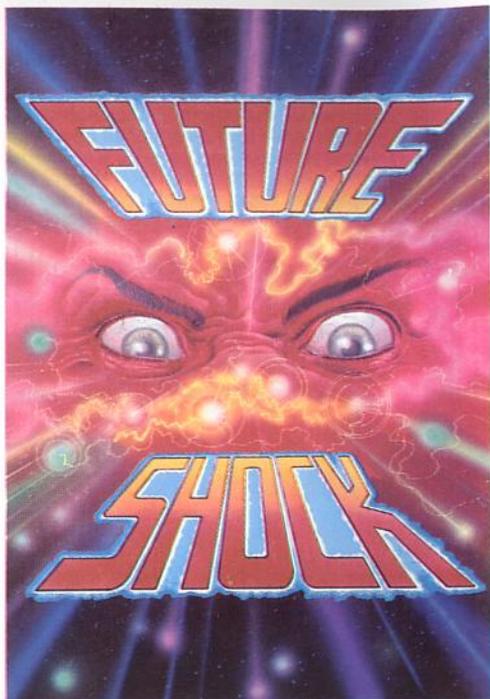

FUTURE SHOCK

An amazing new style of Arcade game with inter-active sub plots, using large detailed graphics for superb detail. This game pushes the machine and the player to unparalleled limits for many hours of enjoyment making this a game not to be missed.

PLUS FOUR ONLY

SIR KNIGHT

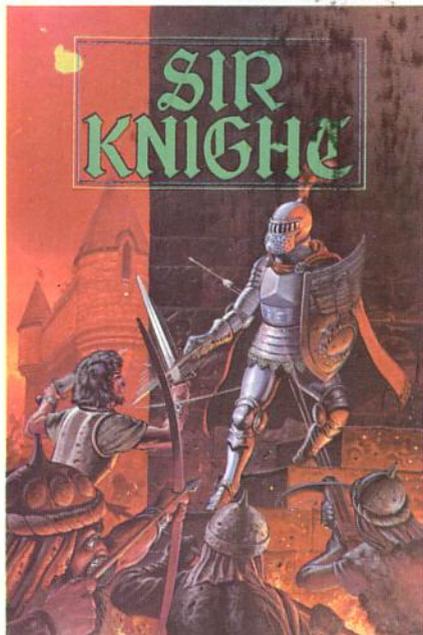

Sir Knight is your noble Knight who has been asked by King Arthur to rescue the beautiful Princess Camille imprisoned in Black Skull Castle.

The fortification around the Castle comprises of Archers and canons firing menacing fireballs. Other obstacles impeding your progress are pits, portullis and a grease covered moving bridge spanning a large pit. All these obstacles need to be conquered before a trail of fire ignites a store of T.N.T. under the Princess's dungeon.

SAVAGE ISLAND PART 1 AND 2 (C.16 VERSION)

These Adventures are text only, no graphics, but what they lack in graphics, they make up for in a gripping quality Scott Adam's adventure. They are not recommended for the novice, but for the experienced Adventurer who wants a true challenge

R.R.P. £7.95 (Each)

Tynesoft Price £6.95 (Each)

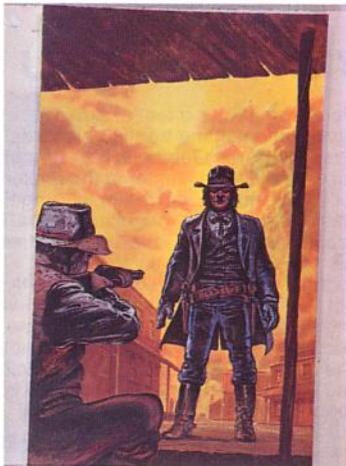

GUNSLINGER

A realistic simulation of a heated wild west street gun fight with probably the best graphics yet seen on the Commodore 16/Plus 4.

You take the part of Jesse James the Deadly Gunslinger, out to increase his cash in the bank gained through his rewards from outlaws on the run.

Wanted dead or alive, Jessie only takes people one way – dead!!

R.R.P. £6.95 **Tynesoft Price £5.95**

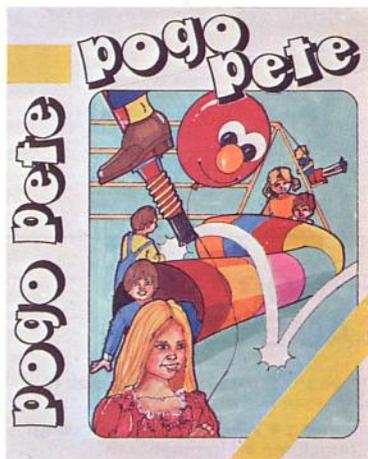

POGO PETE

You control a young boy, on a pogo-stick, named 'POGO PETE'. Some children have decided to build an adventure playground in the street. You must try out all the obstacles in the playground and make them all safe.

You move Pete over 24 screens. Each screen must have a tile placed in exactly the right place to make it safe for the children. When the tile is placed Pete does a big "bounce for joy" and Pete must then change his jobs. When he has changed his job he must then go over the screen without touching the ground (left to right) to show the children that the screen is safe.

This game has received rave reviews in several magazines – Commodore User – 4 Star, "excellent graphics and sound."

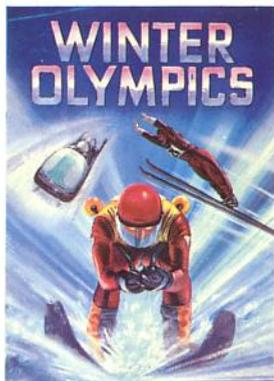

R.R.P. £6.95 **Tynesoft Price £5.95**

WINTER OLYMPICS

Your opportunity to compete with the best in the world in the following Winter events: Downhill ski-ing, Ski-jump, Two man Bob, Speed skating and Slalom ski-ing. Best of luck in your challenge to become World Champion.

R.R.P. £6.95 **Tynesoft Price £5.95**

YIE AR KUNG FU

Yie Ar Kung Fu is a test of skill development in the traditional Martial Arts, it features Oolong in his attempt to become a Grand Master in the ancient skills in honour of his father, a Kung Fu master before him. Your ultimate goal is to become a Grand Master but to achieve this you must defeat a variety of opponents each more deadly than the last. They are armed with different skills and weapons and must be overcome with a combination of 6 different attack moves. The controls are by means of joystick. The fun and excitement of Kung Fu is about to begin as you face your foe!

Tynesoft Price £6.95

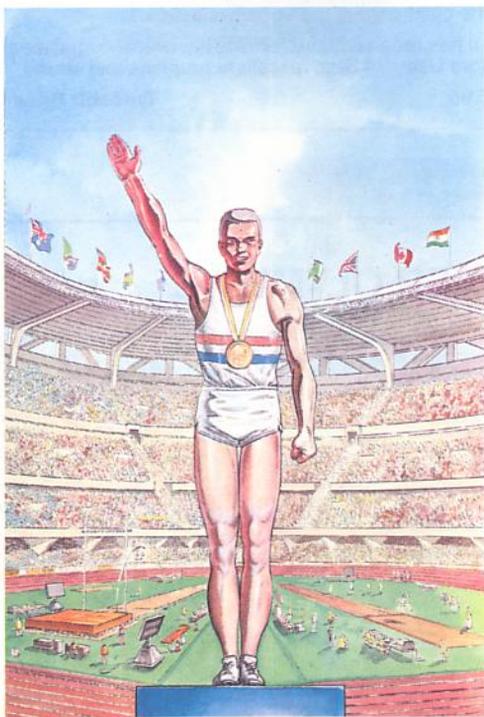

EUROPEAN GAMES

European Games challenges you to compete in five superb events:
Swimming • Weight Lifting • Rowing
• Long Jump • Hammer
A must for every sports enthusiast.

A MUST FOR ANY PARENT WHO WANTS THEIR CHILDREN TO USE THE COMPUTER FOR MORE THAN PLAYING GAMES

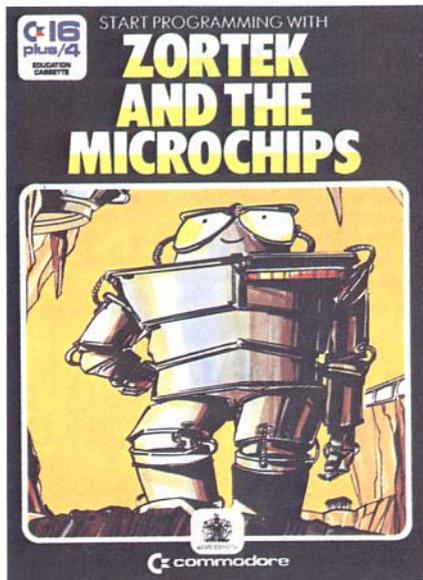

ZORTEK AND THE MICROCHIPS

This delightful and unique concept in teaching uses a full colour story book of a Space Adventure, incorporating the Microchips Training Manual that will teach your child the fundamentals of Programming in Basic.

The innovative approach to computer education and the Space Adventure Story with which it is interwoven is the creation of three school teachers. They designed the package for 10 to 13 year olds although it is suitable for younger children with parental assistance. Older children and even adults will find it informative and fun as well.

Package Includes: 44 page book, 2 cassettes and a Zortek Badge.

SPECIAL BULK PURCHASE – LIMITED SUPPLY OF STOCK
R.R.P. NORMALLY £12.99 Tynesoft Price NOW £7.99

HIDE AND SEEK

A series of similar games to develop and exercise memory skills in an interesting and stimulating way. Remembering what you saw and where you saw it is an important prerequisite of most learning situations and in these carefully graded programs your child must remember where the colourful pictures were hidden.

There are two cassettes in the pack, Hide and Seek 1 and Hide and Seek 2. Each contains the same games but with a different set of pictures for further variety.

* Age Guide 4 – 10 years

- A print-out of your file can be obtained via your printer

"Superfile 16" comes complete with a comprehensive manual with examples for each of handling information in all its many aspects.

R.R.P. £7.95

Tynesoft Price £6.95

THE AMAZING MICRO VALUE

ROCKET ROGER

Stranded light years from earth when his space ship runs out of fuel, Rocket Roger has to put fear to one side and set out to explore the dark mystery planet if he's ever to get home. Luckily deep in the heart of this black world Roger can find the vital power crystals that will recharge his stricken spacecraft. Walk, run, jump and even thrust your way round this single continuously scrolling screen drama as rocket propelled Roger collects his crystal fuel, fighting off hordes of marauding nasties, keeping an eye out for the sizzling security laser beams, sliding doors and invisible force fields. Don't delay too long between crystals, if your jet pack runs out of fuel you'll take a free fall from which you'll never return.

STOCK CAR

Skid round hairpin bends, cutting up the competition and rebounding off the barriers. A one or two player racing game featuring 6 different circuits, oil patches, selectable number of laps and variable skid.

JET POWER JACK

Fly Jack across the space garage using his powerful Turbopak. Collect fuel pods for the waiting starships, but out to stop you are the nasty Space Googies. Five screens in all.

FELIX IN THE FACTORY

Features Include:

- Three species of Gremlin.
- Giant Rat scuttling round the factory
- Pitchfork and Poison Pouch.
- Conveyor belt hazards.

BUMBLE BEE

Fly the bee around the grid avoiding the toadstools. Spin the turnstiles to evade the spiders, or coax them into the fireballs. Collect all the pollen to slide back the exit doors to advance to the next insect ridden level.

COMMODORE 64 ONLY

COMMODORE 64 10 PACK

WORLD CUP II

Today is the final of the World Cup and the atmosphere is electrifying. People are everywhere shouting and cheering. Your team has fought its way through the qualifying rounds beating some of the best teams in the world and now it's your chance to carry away the most famous trophy ever.

You could be playing for Brazil, or West Germany, or England, or . . . Maybe you're playing for one of the "outsiders". It's up to you to win the game and take the World Cup. The crowd go wild as you walk out of the tunnel, "it's now or never!" You can either play the Computer or against a friend.

EUROPEAN GAMES

This superb sports simulation explores new territory in programming on the C16/Plus 4 with large colourful animated graphics.

Compete against the computer and the clock in challenging sports events:

- Weight Lifting • Long Jump • Hammer
- Rowing • Swimming

BOMBO

Game Plan

You must collect the 20 bombs from each screen, flashing bombs score more points and large bonuses are scored for collecting a majority of flashing bombs. Your jetpack allows you full vertical movement in all directions which you must master quickly to work your way through the platforms of each level. Once a screen is cleared the next will appear, more difficult and with more and less easy to dodge nasties.

JACK CHARLTON'S FISHING

Game Plan

The aim of the game is to make the heaviest catch of fish as possible in a set period of time, against other playing opponents. There are many fish of many different sizes to be caught in the lake, they respond to different baits, can only be landed if the fishing line and hook sizes are appropriate and are more easily caught with the correct rod and reel, assuming you've baited at the right depth of water. Sound complicated? Well it's meant to be a challenge, but as you make the correct decisions, the excitement of making a catch is very rewarding. At the end of the period each player's catch weight is totalled and the winner declared.

JUNIOR MATHS

PARTS 1 & 2

PART 1 – covers Addition and Subtraction

PART 2 – Multiplication and Division

This package is excellently presented being visually very appealing to the young learner. It features large multi-coloured numerals, sound effects and rewards for correct answers.

Also incorporates an analysis screen for assessment by parent/teacher.
